**“EXPERIENCE YOUR
MUSIC THE WAY THE
ARTISTS INTENDED.”**

Bang & Olufsen Speakers

Fill your home with sound or take your favourite music wherever you go. Bang & Olufsen has a wide range of speakers, designed to be placed, used and enjoyed in a variety of settings.

Portable speakers bring your music outdoors, great for sports, garden parties or relaxing in the sun. Connected speakers wirelessly link to each other over Wi-Fi, so you can listen to the same music through several speakers – perfect for creating a powerful sound experience in one room or listening to the same music as you move through your home.

Beolit 20
\$739.00

With a longer lasting battery, integrated smartphone charging and powerful portable sound, Beolit 20 is the 4th generation of a modern classic in wireless speaker design.

Beosound A1
\$359.00

No matter where you go, who you meet, or what you set out to do, bring beauty to the moment. The Beosound A1 is a refined handful of musical bliss. Designed to be shared by everyone around – for hours on end.

Beosound Explore
\$299.00

Portable. Tough. Ready to go. No matter where your adventures take you, the uncompromising sound quality of the Beosound Explore will get you there. And with its hardened, scratch-resistant, and full dust and waterproof shell you'll arrive no worse for wear.

Beoplay A9

\$4599.00

A one-point music system and contemporary design icon that fills any room with Bang & Olufsen Signature Sound so you can experience your music the way the artists intended.

Beosound Emerge

\$999.00

A slim WiFi speaker that fits in anywhere and reaches everywhere in the room with full range, ultra wide sound. The Beosound Emerge is truly the perfect compact home speaker.

Beosound Level

\$2149.00

Any room. Any position. Any moment. Beosound Level lets you move with your music in new ways at home, without ever compromising on sound quality. Enjoy a flawless listening experience in beautiful, portable form.

Beosound 1

\$2599.00

The Beosound 1 is tuned to deliver a crystal clear and personal listening experience in any medium-sized space. When paired with the built in battery, the Beosound 1 is a perfect flexible addition to your home or office.

Beosound 2

\$3999.00

Beosound 2 delivers a truly powerful sound performance. Applying Acoustic Lens Technology into the conical speaker body creates a 360-degree sound experience that fills the entire room from anywhere you place it.

Beosound Balance

\$3599.00

The Beosound Balance features an interior silhouette balancing gracefully on a base of natural wood. The simplicity of this design, rooted in Scandinavian minimalism, contrasts strongly with its raw, high-performing sound.

Beosound Shape

Beosound Shape is a modular speaker system for design conscious music lovers. Hanging like a unique piece of art, it delivers immersive sound staging and the ability to improve your room acoustics with its built-in noise dampers.

Beosound Edge

\$4750.00

BeoSound Edge is a compact and powerful wireless speaker, which through magical interaction, timeless design and cutting-edge acoustic innovation, offers a mesmerising listening experience.

Bang & Olufsen Headphones

Bring your favourite music with you wherever you go, with wireless headphones. Enhance relaxation, work or travel with headphones and earphones expertly designed to deliver a superior sound performance.

Discover Bang & Olufsen's range of headphones: Over-ear headphones offer an extra comfortable fit and iconic design. In-ear earphones are small and portable, a great choice for listening to music and taking calls on the go. Active noise cancelling headphones let you remove background noise, perfect for commuting or when you want to fully immerse yourself in music.

Beoplay H95

Celebrating 95 years of heritage in excellence. Beoplay H95 is crafted for the ultimate listening experience with lasting comfort and Active Noise Cancellation. You can see it in the soft lambskin leather, picked and stitched with exacting attention to detail. You can feel it in the precision-cut aluminium frame that's robust yet beautiful. Even the carry case tells the story. Timeless design, made to last for generations.

\$1199.00

Beoplay EX

As versatile as they are beautiful, these earbuds with wireless charging case and active noise cancellation bring deep sound and a snug fit in one sleek package.

\$529.00

Beoplay HX

Beoplay HX offers a powerful and authentic sound experience with Adaptive Active Noise Cancellation, lightweight build and impressive call quality.

\$549.00

Bang & Olufsen Soundbars

Add a new level of fidelity to your soundtracks, movies and TV shows with a Dolby Atmos soundbar. Designed to work with a wide range of TVs, Bang & Olufsen soundbars let you enjoy highly immersive sound at home – so you can hear every beat, breath and boom like never before.

Compact and powerful, these soundbars pack a powerful punch on their own, or can be paired with other home speakers for an immersive surround sound experience. Each one is sleek and minimal in design to fit your interior style, while still making a statement. Set up is easy and so is placement: either wall-mount it or put it on a shelf under your TV.

Beosound Stage

\$2599.00

Take the TV experience to a different level with Beosound Stage, a beautifully crafted soundbar that sounds as good as it looks. The Beosound Stage is powerful enough to avoid the need for a separate subwoofer.

Beosound Theatre

\$9490.00

All the power, clarity and immersion of a multi-speaker setup. But from one beautiful soundbar that slots in seamlessly with any screen. No black boxes, no cable clutter. Beosound Theatre reinvents what the home cinema experience can be.

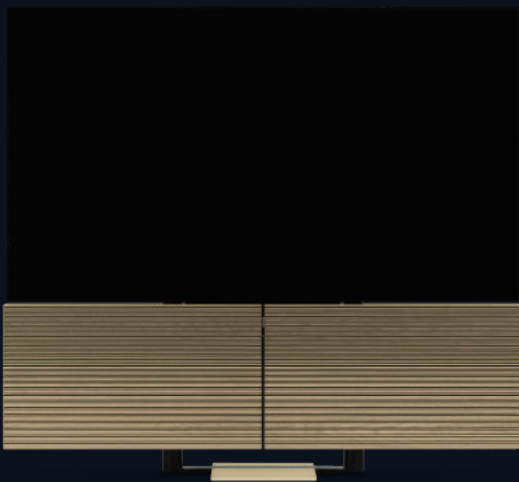

BANG & OLUFSEN

Bang & Olufsen Televisions

Discover the thrill of upgrading to a Beovision TV with Bang & Olufsen's stunning sound and creating your own home cinema experience. Your possibilities are endless, and the experience is guaranteed to bring a smile on your face.

A Beovision TV is engineered for superior acoustic performance. Its powerful I speakers deliver stellar stereo performance and crystal clear speech reproduction.

Beovision Harmony

Honouring the proud heritage of Danish design, Beovision Harmony speaks to those who believe that aesthetics are just as important as experience. The television is based on mid-century entertainment cabinets that hide the TV behind delicate blinds to fully integrate with the living room.

Beovision Contour

The crisp visuals of OLED combined with award-winning sound create the perfect conditions to immerse yourself. All-in-one home entertainment elegantly housed in a minimalist design.

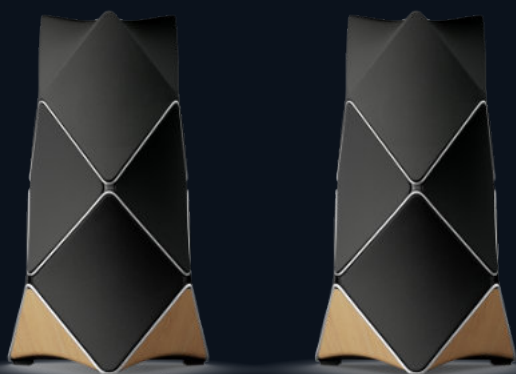

Beolab 28

Beolab 28 is slimmer, smarter and more surprising than any stereo speaker you've experienced before. Position it anywhere in the home, stream anything you want instantly, and be immersed in powerful studio-grade sound that automatically adapts to your space. All in a beautifully elegant form that can be controlled with a touch.

Bang & Olufsen Loud-Speakers

Explore Bang & Olufsen's uniquely designed Loud-speakers, from home theatre set ups to stand alone audio systems.

Discover placement options to suit any home: floor-standing, wall-mounted or architectural speakers that complete your interior design. There are options to suit any style, whether you are looking for a statement speaker or a discreet home audio system.

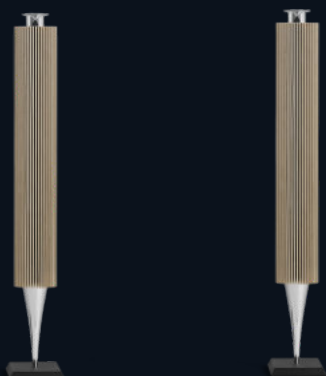

Beolab 90

Unprecedented power and acoustic performance. Floor standing speakers that seamlessly adapt to your living space and music preferences.

Beolab 50

High-end active loudspeaker blending radical audio technology with graceful aesthetics and meticulous craftsmanship.

Beolab 18

An iconic pillar of luxury sound, Beolab 18 is a wireless speaker crafted from carefully selected materials.

Beolab 19

High-end wireless subwoofer bringing powerful bass and a unique sculptural design to your living room.

“Get Closer To The Ones You Love”

Leica Camera

Leica is German engineering at its best, and the Leica ideal is an integral part of the culture of seeing. Leica has a long history of focusing on perception and has developed innovative instruments that offer a unique experience. The result is a renowned series of cameras and lenses, and a superb range of sport optics including high-aperture and laser rangefinder binoculars, and spotting scopes.

Leica C-LUX

\$1579.00

The Leica C-Lux is a real eye-catcher, whether in Light-Gold or Midnight-Blue. At the same time, it impresses with what's inside: with a high-performance 20-megapixel sensor and readiness to shoot 10 frames per second

Leica V-LUX 5

\$2149.00

The V-Lux 5 is Leica's most versatile compact camera to date. The extensive range of its zoom lens covers nearly all distances and subject matter – simplifying your travels by avoiding the need for changing lenses.

Leica Q2

\$7729.00

The Leica Q2 – a perfect symbiosis of the essentials with innovation. With its full frame sensor, extremely fast prime lens, fast autofocus and timelessly elegant design, the Leica Q2 elevates the Leica tradition.

Leica M11

\$11,999.00

Perfectly meshing timeless design with contemporary performance, the Leica M11 is a rangefinder camera featuring a revised sensor design and updated connectivity while maintaining the familiar design of a Leica M Camera.

Leica CL

\$4249.00

In its design, the Leica CL embodies the traditions and handcrafted excellence of the Leica brand and carries them forward into the class of compact system cameras.

Leica SL2

\$9299.00

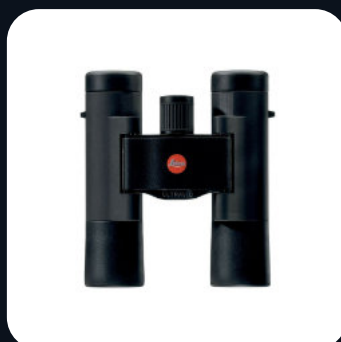

The SL2 is, next to the Leica M, the only mirrorless full format system camera designed and crafted in Germany, and is a technical marvel of pure performance and unmatched build quality.

Televid 82

\$4678.00

Discover the finest pin-sharp details at long distances, as if they were right before your eyes. Leica APO-Televid spotting scopes offer the highest magnifications and superior fields of view over their whole magnification range.

Ultravid Binoculars

\$1013.00

Compact and lightweight, the Leica Ultravid Compact Binoculars deliver the views users have come to expect from the brand, with an easy to use and convenient-to-carry form factor.

Monovid 8x20

\$683.00

The Monovid 8 x 20 is always at hand – in the city, opera and theater, as well as in the open countryside. It lets you always keep an eye on everything and recognize even finest structures on buildings or in the facial features of the actors and singers on stage.

WACACO

Whether you plan to go hiking, camping, stay in a hotel, or simply enjoy a great coffee at home or the office, Wacaco hand powered coffee makers - Pipamoka, Nanopresso and Picopresso - help you prepare amazing coffee or espresso, anytime, anywhere.

Nanopresso

Packed with new features and capabilities, which will drastically improve the way you prepare your favorite coffee, Nanopresso is one of the best and most versatile espresso machines. A truly unique addition to your coffee toolkit! Built around a newly patented pumping system, the Nanopresso is capable of reaching, with the help of your hands, a maximum of 18 bars (261 PSI) of pressure for unparalleled coffee extractions qualities.

\$126.99

Pipamoka

Brew and drink from a single device with the Pipamoka all-in-one nomadic coffee maker.

\$72.99

Octaroma Mug

Octaroma ticks all the boxes as the perfect to go tumbler. This mug keeps your drink hot/cold while preserving all the aromas.

\$39.99

Thousand Helmets

Designed for urban cycling and skating, Thousand thoughtfully designs helmets with real riders in mind. Your gear should match your personal style, not the other way around. The human-centered design process allows Thousand to create gear that will help you ride safely, comfortably, and in style.

GoCycle

The GoCycle series of folding electric bikes are designed in the UK by the award-winning designer/engineer Richard Thorpe. From his previous job with McLaren cars, the GoCycle line of electric bicycles takes folding e-bike design and innovation to another level. Loaded with technology these electric bikes are both lightweight and fun to ride.

Gocycle G4i+

The GoCycle G4i+ is the perfect-sized electric folding bike that fits most riders. It's ideal for urban commuting, suburban exploration, camping, boating, or corporate use around or between campuses. One bike really can be for everyone!

The GoCycle G4i+ is manufactured from premium racing grade carbon fiber, aluminum and magnesium which significantly reduces the overall weight of the bike while significantly improving the rigidity and overall design aspects. The G4i+ features a set of signature ultra-light carbon fiber PitStop wheels with a center hub mount, allowing you to remove them from the bike in seconds.

\$9099.00

Gocycle G4i

The Gocycle G4i models feature updated versions of Gocycle's industry-leading rider-focused technologies. These include the brand's bespoke F1 inspired rider cockpit, predictive electronic gear shifting and patented automotive-inspired Daytime Running Light.

\$7799.00

Gocycle G4

The Gocycle G4 is powered by the all-new G4drive electric motor. The G4drive provides a smooth and quiet ride, while delivering more torque and low-speed start capability – all within a class-leading compact package.

\$5499.00

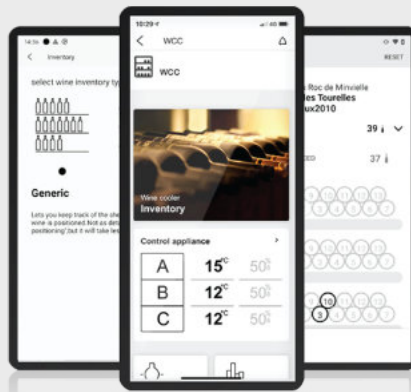

Asko Wine Climate Cabinet

\$16,549.00

This Wine Climate Cabinet is built with intention. That quality can be seen in the way it has been put together – solid, stable, with effectively-sealed temperature zones and high-quality lighting. And that quality is present in the telescopic wooden shelving that both provides a secure home for your wine and looks great. As well as the TFT display through which you control and interact with the various functions.

 **ConnectLife**

CONNECT WITH YOUR WINE.

The ASKO Wine Climate Cabinet uses cutting-edge design and technology to take care of wine in a way which has been perfected over centuries. Everything they know about how to store your wine in the best possible way can be found here, in a premium, connected refrigeration cabinet that can be made as unique as your own collection – and in which you can give it pride of place.

OPTIMUM HUMIDITY

The Wine Climate Cabinet keeps the humidity level at around 70% – an optimum level for wine storage. You can check on the cabinet's humidity levels at any time - either in the UI or in the app.

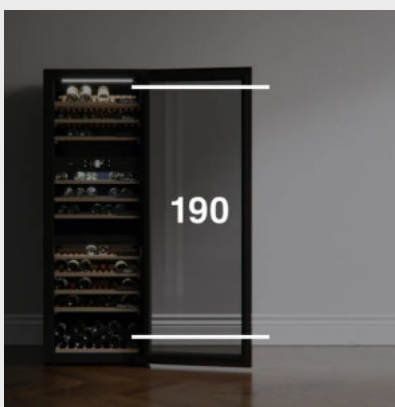

VIRTUALLY FREE FROM VIBRATIONS

The Wine Climate Cabinet's high-quality compressor ensures consistent temperatures in each compartment. And, since wine likes to rest peacefully, this wine climate cabinet is almost vibration-free.

NO HARMFUL LIGHT

Another important aspect to storing wine is keeping it from harmful UV light. The door of our Wine Climate Cabinet protects your collection from lights that could potentially damage the wine.

ROOM FOR THE WHOLE COLLECTION

The ASKO Wine Climate Cabinet has room for up to 190 bottles, storing them in roomy, telescopic shelving systems which are easy to access. Small chalkboards let you label your collection on the shelves.

THREE DISCRETE ZONES

Since different wines require different temperatures, the ASKO Wine Climate Cabinet contains three temperature zones. They're perfectly sealed off from one another and the temperatures are kept at an exact, even level.

THE RIGHT TEMPERATURE

Precise temperature controls let you choose whether you want to store and age your wines, or bring them to serving temperature. Range: +5°C max +20°C

Kimura Glassware

Kimura Glass is dedicated to creating super thin, lightweight, original masterpieces for wine, cocktails, whisky, and sake. This glassware was typically reserved for professionals in restaurants and bars in Japan. Now, we are happy to bring these products to you.
